- Looking for any interest in the following club:
- I have a love for trains, and a huge collection. My goal is to try and get younger people into the train hobby and possibly plastic model building as well and share my knowledge. I think this could be a lot of fun and learn that there is more to life than computers and cell phones.
- We will start with one hobby and go from there. If there is enough interest, club details will follow.
- Please respond to Mr. Gary in Building C room 261, or email, Montagana.gary@somersetcollegeprep.org.

Interested in starting a school club?

- If you're interested in starting a school club, you should do the following:
 - Find a teacher to sponsor the club. Give them the details about the club so they know if they're able to sponsor the club.
 - Create a petition and get students who would be interested in your club to sign it. This shows that your club has generated interest.
 - Talk to someone in administration about getting your club approved. Tell them who the sponsor is, when the club will occur (lunch or afterschool), and what the club entails.
 - Email Mr. Kyryliw (Kyryliw.Michael@somersetcollegeprep.org) the information about your club and a slide advertising it. I will leave the advertising slide up for a week or so and create a slide listing all the club information for easy reference.
